What the tenants are saying...

Warby Parker

“We absolutely see shoppers from out-of-town; **Buffalo and Syracuse** of course, but we even see folks traveling from Lake Placid. **During the weekdays, shoppers are within one hour traveling distance** but on the weekends we see people driving five hours. Approximately 35% of Warby Parker traffic is from outside the Rochester Market.”

Steve, Assistant Store Manager

Madewell

“Noticeable traffic from both **Buffalo and Syracuse**, close to **25% of Madewell shoppers travel from other markets to shop**. Besides the brands at Eastview, shoppers mention how nice our mall is and how safe they feel. Traffic has been consistent since re-opening doors in the summer/fall of 2020, and slightly trending upwards which is expected to continue.”

Nancy, Store Manager

Banana Republic

“The GAP pulled Banana and Athleta from both **Galleria and Destiny because of safety concerns**; our Banana Factory location at Finger Lakes Outlet and Niagara Outlet is unrelated and separate from the company. **Over 15% of Banana shoppers are traveling from out of town**, and peak during weekends, breaks, and holidays. We expect this number to grow as time goes on.”

Hillary, Asst. Store Manager

Janie & Jack

“Janie & Jack has seen a **considerable uptick in Syracuse shopper traffic since the Destiny location closed in 2019**. Shopper traffic is high on weekends and climbs for Easter and Christmas. During tourist seasons (Summer in FL, Jazz Fest, etc) it is not unusual for Janie & Jack to have European shoppers.”

Tricia, Store Manager

Athleta

“Definitely see traffic from Buffalo and Syracuse, with close to **15% coming from the Syracuse market**. Since the collects are for all ages, out-of-town traffic is consistent with retired shoppers during the week and younger shoppers on weekends and breaks. Athleta shoppers also mention their **love to cross shop and are happy to make the trip to Eastview so they can visit all of their favorite brands**. Buffalo and Syracuse traffic have been steadily increasing and are expected to continue to grow.”

Chelsea, Assistant Store Manager

What the tenants are saying...

Pottery Barn

“We see a ton of out-of-town shoppers! Buffalo at about 25%, Syracuse accounts for about 10% and then we also see Snowbirds who are in town. In the last three years, Pottery Barn has seen a significant increase in shoppers traveling from other markets; they also mention the quality of Eastview – the quality of service, cleanliness, landscaping, stores, and people.”

Assistant Store Manager, name withheld

L’Occitane en Provence

“Clients come from Buffalo, Syracuse, and as far away as the Southern Tier and Pennsylvania; younger clients are coming on board while still retaining older clients. There was a significant increase in store traffic when Buffalo and Syracuse closed their locations; our out-of-town shoppers peak on weekends, holidays, and school break and are upwards of 25% of our sales. While L’Occitane is a destination, shoppers also mention that they make the trip to Eastview because it is nicer and safer than Destiny.”

Lori, Store Manager:

Williams Sonoma

“Both Buffalo and Syracuse shoppers increased in the last 3 years since Buffalo, Syracuse, and Albany locations closed. About 20% of their shoppers come from surrounding marketing, 10% Buffalo and 10% Syracuse but they expect that number to increase, especially from the east (Syracuse, Albany, Finger Lakes). Shoppers rave about Eastview, mentioning great parking, location, food, tenant mix, and safety.”

Donna, Assistant Store Manager & Mitch, Stock Manager

Von Maur

“We definitely see a good amount of customers from both Syracuse and Buffalo on a consistent basis. They always tend to comment that there is just nowhere to shop in their cities, which is why they make the trip to Von Maur.”

Store Manager, Leah
